

**MR. BARTHMAN RESIGNS.**

**He Accuses Mayor Chapin of Unfairly Forcing Him To Do So.**  
William Barthman sent to Mayor Chapin.

Yesterday his resignation as a member of the Board of Education. He was accused of an attempt to have F. S. Schenck put \$1,500 extra on his salary. He was charged with the fact which the Board wanted for school purposes. The charges were investigated by a committee of the Board, and Mr. Barthman's resignation was suggested in the committee's report. T. Board has not as yet acted upon the report. Barthman ought to resign, and the friends of the latter say this was unfair, inasmuch as the would influence fifteen members of the Board who are looking for reappointment by T. Mayor on July 1. This is Mr. Barthman's secretary. He was yesterday afternoon.

*"To the Mayor of the City of Brooklyn."*

I hereby resign my membership in the Board of Education of the city of Brooklyn, and I report that I am advised and believe that the Board of Education is not in a position to take any official course open to me. I shall leave the district and fair men to judge whether you are just and fair. A committee of the Board of Education has made to that body a report on the subject of the salary of F. S. Schenck in two weeks. I had ample reason to believe that the Board, but forthwith, the matter being the in abeyance and under just consideration. I am hereby published by the newspaper by announcing through the newspaper.

**Assistant Corporation Counsel, the same as a New Deputy Register.**

Corporation Counsel Clark made no more removals yesterday, nor did any more resignations come in to him. There are some to follow, however, and this week is likely to see several changes of considerable importance. The staff of the Corporation Counsel is still the same, but the resignation of the Assistant Corporation Counsel William I. Turner by the appointment of Sidney J. Cowen, who at once took the oath of office and went to work. Mr. Cowen is the son of Judge Patrick Henry Cowen, who was a member of the Supreme Court, was a Vice-Chancellor and a Judge of the Supreme Court. He was born in Saratoga county is about 50 years old, and graduated from Union College in 1867. Mr. Cowen is a member of the Tammany General Committee of the 1st District.

Deputy Register Slewin yesterday appointed James A. Hanley Deputy Register in place of James A. Hanley, who has resigned. Mr. Hanley has quarters. The salary is \$5,000 a year, and he is a member of the 14th and 15th Police Precincts. He is a Fourth District Lieutenant and relative of Leonard J. Hanley, who was Deputy Register and is a member of the 14th and 15th Police Precincts.

Ree. Rochester Slevin now has two little pigs to dispose of. He can appoint a successor, or he can give the job to his son, William E. Dunn, the new chief Excise Inspector, who was clerk in the Bureau of Old Records in the Recorder's office.

The Excise Commissioners yesterday afternoon met in the city hall and held their twenty-second district and Thomas Fitzpatrick of the Fourth district. President Slevin denied yesterday that there was anything in the story of a deal with the liquor men. He said that he had not been in the city for a week. This seems to be true of yesterday's but the story was that only one liquor man from the city was in the city yesterday. A list is not yet complete.

Commissioner Cloy of the Department of Public Safety approved yesterday a list in which Dozeville, the assistant cashier in the Bureau of Liquor, and appointed J. J. Moore, fifth district, to be in charge of the liquor committee. Dozeville's salary was \$1,800 a year, the new appointee is to get \$1,700. He was clerk in the Bureau of Old Records and was at \$1,000.

**AN ELEVATED INCIDENT.**

He May Have Been Foolish, but He'd Have Done the Same in Church.

In a sixth avenue elevated train at Fort second street, Monday, a tall, well-dressed, and prosperous-looking man, apparently 50 years of age, came in and sat down in the rear of the car. He was a man of good looks and good clothes. He pulled a navy blue overcoat

**Mistaken for a Fleet Lunatic.**  
George Simpson, a professional pedestrian, ran from the Continental Hotel, Newark, N. J., on Monday night, June 1, 1910, at a distance of nine miles, over a rough and hilly road, in 29 1/2 minutes, on Decoration Day. I was so sparingly clad that most of the people when he passed thought he was naked. The women and children, however, were shocked, and boys pursued him and hooted at him. Simpson, however, was not at all embarrassed. Information that John Neill, an inmate of the insane asylum, had been released, and escaped, was the reason the runner was so naked. He hunted him hotly as he sped on his way. I was not far behind him, and he was so tired that he seemed to be chased back by the police when there.

The fugitive from the asylum is still at large.

**The Texas Fies Destroying Georgia Poultry.**  
ALBANY, Ga., June 1.—A queer little insect, the Texas fie, having killed out the usual number of chickens in this section, has turned its attention to the quail and other game birds, and is now attacking poultry. They are particularly fatal to ducks, and the birds are fastening themselves only upon their heads, and eating their way into their brain. The attack is made at night, and the birds are very difficult to get on, as they burrow at one another beneath the skin. They are similar in appearance to the house fly, but are much smaller, about half the size, and do not hum. It is supposed that the Texas fie is a new species.

upon the burros and bronchos brought in such numbers from the Lone Star State. They are proof against insect powders and insect droppings, and are immune to the diseases that will destroy them. From being one of the leading poultry markets in the State, Albany is becoming one of the poorest.

**Fracas on Board a School Ship.**

**NEWPORT, June 1.**—In a fracas on board the United States ship New Hampshire Capt. Haglund commanding there was a narrow escape from murder. Schoolmaster Trees and Captain's wife Edwards, both picked up by the ship, were the cause of the trouble. Trees, a married man, was on the ship on a furlough leave from the army, and getting along well. He seized the captain's wife and tried to force her to marry him, and but for the interference of two officers would have succeeded. He was arrested, but released by order of the commanding officer.

upon the burros and bronchos brought in such numbers from the Lone Star State. They are proof against insect powders and insect drops, carbolic oilment being the only thing that will destroy them. From being one of the best poultry markets in the state, Albany is becoming one of the poorest.

**Frauds on Board a School Ship.**

Newport, June 1.—In a fraud on board the United States ship New Hampshire Capt. Augustus commanding there was a narrow escape from murder. Schoolmaster Treas and Captain's Writer Edwards did plot to murder the captain. Edwards used a pistol to threaten Treas, but Treas refused to be intimidated and told the other officers would have him. Treas was arrested, but released by the commanding officer.

<b>Terrible Skin Diseases</b>	<b>Most Wonderful Cures</b>
-------------------------------	-----------------------------

I have had a most wonderful cure of salt. For five years I have suffered with this disease. I had it on my face, arms and hands. I was
